

My name is Nikki Jackson and I'm a 26 year old fitness & magazine model. I started modeling on the Internet a few years ago & i've appeared in several men's magazines. I have traveled all over the United States, and I've won or placed in numerous bikini contests all over the country. I'm very proud of my body and I just love being nude & showing it off!

I was born and raised in Northern Calif, but I currently live in the state of Indiana. I love living in the Midwest because it's so laid back and I'm able to do things at my own pace. One of the things I really love about living in the Midwest is the change of season. I can cuddle up with a really soft blanket in the winter and break out the tanning oils & micro bikini in the summer.....It doesn't get much better than that!

Some of my favorite things to do are....spending time with my friends,dancing around my house in next to nothing,indulging in a chocolate dipped ice cream cones & relaxing with a really good DVD!
